Primary Years Programme at MRIS

As an IB Candidate School, MRIS aspires to build an international minded community of responsible, compassionate, reflective and thriving life long learners by creating a safe, inclusive, dynamic learning environment, aimed at holistic development of the learners.

The PYP curriculum is a student-centered approach to education for children aged 3-12. The framework prioritizes people and their relationships to build a strong learning community. The framework emphasizes the central principle of agency, which underpins the three pillars of school life:

- the learner
- learning and teaching
- the learning community

The IB Primary Years Programme:

- acknowledges learner agency and the importance of self-efficacy to enable students to become partners in the learning process
- addresses students' academic, social and emotional well-being
- encourages students to develop independence and to take responsibility for their own learning
- supports students' efforts to gain an understanding of the world and to function comfortably within it
- helps students establish personal values as a foundation upon which international-mindedness will develop and flourish
- provides the opportunity to learn more than one language from the age of seven

Inquiry-based, Conceptual Transdisciplinary Learning

The PYP is organized around the six transdisciplinary themes. Transdisciplinary learning in the PYP conveys learning that has relevance between, across and beyond the six subjects as listed below and transcends borders connecting to what is real in the world. Through the six transdisciplinary themes, PYP students learn to appreciate knowledge, acquire conceptual understandings, develop skills and personal attributes.

The Exhibition In the final year of the PYP, students take part in the PYP exhibition. The exhibition is an authentic process for students to explore, document and share their understanding of an issue or opportunity of personal significance. For details on PYP Exhibition, please scan the QR code.

MRIS is a Candidate School* for the PYP. This school is pursuing authorization as an IB World School. These are schools that share a common philosophy—a commitment to high-quality, challenging, international education that MRIS believes is important for our students.

Only schools authorized by the IB Organization can offer any of its four academic programmes: the Primary Years Programme (PYP), the Middle Years Programme (MYP), the Diploma Programme, or the Career-related Programme (CP). Candidate status gives no guarantee that authorization will be granted. For further information about the IB and its programmes, visit www.ibo.org
