

Global Vision, Sustainable Mission

MYP Leads the Way

IB-MYP

Middle Years Programme

Grade 6 to Grade 10

"The International Baccalaureate (IB) Middle Years Programme (MYP) is for students aged 11-16. The Middle Years Programme (MYP) builds on the structured, student-centered and inquiry-based foundation laid in the Primary School. As in the IB Primary Years Programme (PYP), the learner profile is at the heart of the Middle Years Programme (MYP) as well. The MYP curriculum framework comprises eight subject groups, providing a broad and balanced education for early adolescents.

Teaching and learning in context: Students learn best when their learning experiences have context and are connected to their lives and their experience of the world that they have experienced. Using global contexts, MYP students develop an understanding of their common humanity and shared guardianship of the planet through developmentally appropriate explorations of:

STEM EDUCATION IN THE MYP

The International Baccalaureate (IB) offers e-assessments to students in MYP 5 through the IB e-assessment portal. These e-assessments are designed to provide an authentic and engaging assessment experience while improving the quality and consistency of grading. Participation in these assessments is not mandatory; students can choose to opt-out and instead participate in the internal school assessments. Students who opt out of the e-assessments will not receive an MYP certificate but will be awarded the MYP Course instead. However, at MRIS we encourage all our students to take in the e-assessments.

Requirements of the MYP Certificate As per the IB Middle Years Programme Assessment Procedures, a grade from at least one subject from each of the following six subject groups must contribute to the award of the MYP Certificate.

E-portfolio submission of one subject from arts, physical and health education, or design The IB will award an MYP Certificate to each candidate who has:

- gained a grade total of at least 28 points from six subject groups, the interdisciplinary on-screen examination and the personal project combined, out of a possible maximum of 56 points.
- gained at least a grade 3 in at least one subject from each subject group.
- gained at least a grade 3 for the personal project.
- gained at least a grade 3 for the interdisciplinary on-screen examination.
- Completed the school's requirements for service as action.
