# Discover the MRIS Excellence

MRIS Mohali Campus is where high quality teaching will inspire students to develop a love of learning and ensure they thrive academically in lush, green environs. An exceptionally friendly atmosphere will ensure that students quickly make friends, are safe and happy, and share a strong set of values. Here, a wide range of sporting activities in both recreational and competitive contexts will help students to imbibe the skills of teamwork and leadership.

Curriculum based on International Standards, imbued with meaningful and appropriate activities to enable holistic development of children

Personalized academic assistance and enrichment programmes at all levels.

Structured curriculum for developing emotional literacy and life skills.

NEP aligned, flexibility of subject choices.

Programme for physical development through state-of-the-art sports infrastructure with national and international level coaches.

Educators with an edge of qualification and expertise.

Skill based curriculum for middle school based on NEP focusing STEAM and MEDIA through Maker Shala and Media Shala.

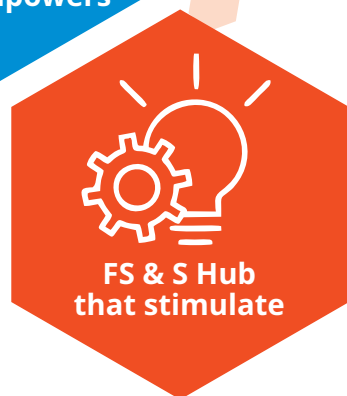

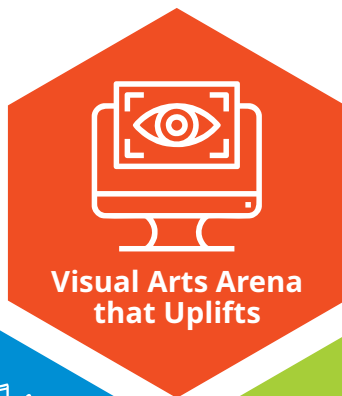

Green Building, to impart knowledge towards sustainability.

Nutritious meals for students twice a day

# Infrastructure *with a Difference*

Building a brigade of **Sustainability Crusaders** with **Future Skills & Sustainability** Hub creating Innovative projects that encourage students to think creatively and come up with solutions to the most pressing problems affecting the world.
