

# YEAR 2024 PRIDE OF THE NATION

With 2024 drawing to a close, Times NIE asked its cherished readers to list their most revered personality and noteworthy occurrence which evoked national pride. Read on...

The "Green India Mission," a government initiative, has achieved remarkable progress in fostering environmental sustainability. The project has set an ambitious target of establishing 100 million trees across the country. This comprehensive programme has delivered multiple benefits, including decreased carbon emissions, job creation for young people in rural areas, enhanced air purity, water preservation, and the advancement of environmentally responsible methods.
